R. O. DENISON COMING IN APRIL

Word was received last week from R. O. Denison, Manila, P. I., and who still claims Torrance as his home, that he would arrive here in April. Several bundles of Manila newspapers have been received from Mr. Denison, and the columns of these papers indicate that conditions are very bad in Manila. That is one of the reasons Mr. Denison has decided to return to the Mainland, U.S.A.

RUSH STREET GRADING

Coy Farquhar, contractor for the street grading and profiling of the new city of "Hammerton," East of Torrance, is making rapid strides in the filling in work. Thirty mules and about twelve men are employed steadily on the job. Most of the week has been devoted to filling in some of the lower grades requiring seven feet of earth to bring them to the surveyor's level. The heavy rains of Monday delayed work for a time, but rapid progress has already been made for the short time of operation.

NEAR CLOUD BURST MONDAY

Streets ran curb-high with water Monday morning when a heavy down-pour brought almost a third of an inch of rain in fifteen minutes.

Ordinary drainage facilities were taxed to meet the emergency and the water swept down the streets in torrents.

The precipitation was brought by a storm which covered the entire Pacific Coast, bathing the coast from Southern California to Washington and extending back into Idaho and Southern Nevada.

The rain was quite welcome, thank you!

CHAS. TURNER IN ROME, ITALY

A. H. Bartlett received a very interesting letter last week from C. N. Turner, formerly of Torrance, stating that he was in Rome, Italy, having arrived there from Genoa. Mr. and Mrs. Turner are "sight-seeing" and are not passing anything up. Recently a trip was made over the Alps by Aeroplane. In Rome Mr. Turner states he received copies of the Torrance "Enterprise" and said it was just like a "letter from home." Who said your local paper did not circulate over the entire Globe? Last week we heard from R. O. Denison, of Manila, stating he also enjoyed receiving and reading the home paper as much as a letter.

Several inquiries have been received of late from Canada, seeking more information about certain advertisements and yesterday a subscription came in from Cuba.
